Description

** 30 gallon boiler buddy buffer tank, come standard with 1 aquastat well.

To order or get Shipping Quotes please email sales@geodirectsupply.com The buffer tank is constructed with the ASTM A-569 steel certification. Tank is constructed of 14 gauge steel. Insulated with environmentally safe, CFC-Free, water blown, extra thick foam Installation (R-14) allowing less than 1/2 degree F per hour heat loss. The outer shell is made of durable high density polyethylene plastic. All Boiler Buddy tank are tested for leaks. The tank has a maximum working pressure of 75 PSI and is tested to 1 1/2 times working pressure. The boiler buddy tank will include a solid brass high capacity 1/2" air eliminator located on top of the 3/4" full port brass drain valve, schedule 40 black steel pipe nipples, and a brass hose bushing. It will have 1 1/2" NPT male connection. The boiler buddy tank has a 3-year limited warranty covering manufacturing material defects and leaks during normal use and service. **** MUST SHIP VIA FREIGHT TRUCK! ****
